I am an Informatics Engineering graduate (Class of 2026) seeking experiences in the IT field, with a specific interest and focus on information systems and databases. During my studies, I served as a laboratory assistant and completed an internship as an IT staff member, where I was responsible for developing a web-based database for export and import operations. I aim to deepen my knowledge, learn new skills beyond my academic curriculum, and explore the new opportunity.

SKILL

- **Infomation System** — Focusing my interests and goals in Information System
- **Database** — Ability to manage databases and use MySQL.
- **Web database** — Involved in creating export and import web databases and is one of the experiences that supports my abilities
- **Python** — Able to create simple programs using Python and support my project.
- **PHP and HTML** — Able to create websites with PHP and HTML
- **Project Management** — capable of handling and managing project-based work

EXPERIENCE

Multimedia and Game Practicum Assistant | State Islamic University of Maulana Malik Ibrahim | Malang, East Java | August 2024 – December 2024

- 1. Assisting the lecturer in conducting the Multimedia and Game practicum.
- 2. Helping students understand Multimedia and Game course material.
- 3. Assisting the lecturer in evaluating student performance.

Computer Systems Practicum Assistant | State Islamic University of Maulana Malik Ibrahim | Malang, East Java | August 2024 – December 2024

- 1. Assisting the lecturer in conducting the Computer Systems practicum.
- 2. Helping students understand Computer Systems course material.
- 3. Assisting the lecturer in evaluating student performance.

Computer Graphics Practicum Assistant | State Islamic University of Maulana Malik Ibrahim | Malang, East Java | February 2025 – June 2025

- 1. Assisting the lecturer in conducting the Computer Graphics practicum.
- 2. Helping students understand Computer Graphics course material.
- 3. Assisting the lecturer in evaluating student performance.

IT Staff | Ministry of Trade of the Republic of Indonesia | Centre Jakarta, Special Capital Region of Jakarta | June 2025 – August 2025

- 1. Developing a Database System for Exports and Imports.

Multimedia and Game Practicum Assistant | State Islamic University of Maulana Malik Ibrahim | Malang, East Java | September 2025 – December 2025

- 1. Assisting the lecturer in conducting the Multimedia and Game practicum.
- 2. Helping students understand Multimedia and Game course material.
- 3. Assisting the lecturer in evaluating student performance.

Algorithm and Programming Practicum Assistant | State Islamic University of Maulana Malik Ibrahim | Malang, East Java | September 2025 – December 2025

- 1. Assisting the lecturer in conducting the Algorithm and Programming practicum.
- 2. Helping students understand Algorithm and Programming course material.
- 3. Assisting the lecturer in evaluating student performance.

Mobile Practicum Assistant | State Islamic University of Maulana Malik Ibrahim | Malang, East Java | September 2025 – December 2025

- 1. Assisting the lecturer in conducting the Mobile practicum.
- 2. Helping students understand Mobile course material.
- 3. Assisting the lecturer in evaluating student performance.

Information System and Database B3 Staff | Ministry of Environment / Environmental Impact Management Agency | South Jakarta, Special Capital Region of Jakarta | Sep 2026 – now

- 1. Assisting in the development of a hazardous and toxic substance (B3) reporting information system.
- 2. Perform installation, configuration, and maintenance of computer/network systems
- 3.Manage and validate databases Troubleshoot hardware and software
- 4. Support information system governance (IT governance)
- 5. Document system designs and technical specifications

EDUCATION

Science Major | MA Husnul Khotimah Islamic Boarding School | Kuningan, West Java | GPA : 88.95 of 100 | 2019 - 2022

Informatics Engineering | State Islamic University of Maulana Malik Ibrahim | Malang, East Java | GPA : 3.63 of 4 | 2022 - 2026

CERTIFICATION

- Artificial Intelegence — Dicoding Indonesia | November 2025
- Prompt Engineering — Dicoding Indonesia | November 2025
- Python Programming — Dicoding Indonesia | November 2025
- Machine Learning — Dicoding Indonesia | November 2025
- Data Analitycs — RevoU | August 2026

PROJECT

Web-based Export and Import Database | Ministry of Trade of the Republic of Indonesia | June 2025 – August 2025

- Contains an export-import database and features tiered access levels for users.
- Technology used — Code Igniter, PHP, HTML, MYSQL

LANGUAGE

- Indonesia — Native
- English — Intermediate
- Arabic — Beginner

SKILL

- **Programming & Logic:** Python, PHP.
- **Data Management:** Database architecture design, MySQL.
- **Operational Literacy:** Fundamental Computer operations, Microsoft productivity utilities.
- **Problem Solving:** Capable of logically analyzing the root causes of technical issues and implementing efficient solutions.
- **Adaptable:** Agile and quick to adapt to new frameworks, project specification changes, and team dynamics.
